

Corporate Governance & Compliance | Competitive Advantage®

At a glance

In today's increasingly complicated business environment, doing what is right is no longer simply a luxury - it is a necessity.

The Red Flag Group provides services, guidance and solutions to boards, executives, and compliance and legal departments on how to develop and improve their corporate governance and compliance programmes. Our services take a holistic approach and range from board reviews, director selection, and compliance programme development and implementation to developing bespoke technology solutions to manage governance and compliance risks.
